

Alternative F

Photos in the top row, taken in 2022, show the approximate location of features proposed as part of Alternative F. The simulated images in the bottom row show the same locations with simulations of those features.

Conditions in 2022

Southbound view

View from northbound U.S. 101, looking northeast

Northbound view

Simulated with Alternative F

Proposed North Tunnel Portal and Approach

Proposed South Tunnel Portal and Approach

Proposed Operations and Maintenance Center (OMC)
