

Quarterly Update

April 2025

Simulated view of proposed North Tunnel Portal

LCG Updates

These updates are intended to help communicate the variety and complexity of activities going on in the field and behind the scenes to help Caltrans avoid and minimize impacts while identifying a long-term solution for Last Chance Grade.

Recent and Current Activities

- Project update presentation to California Transportation Commission, March 20-21, 2025
- Continuing development of Final Environmental Document (FED)
- Finalizing Construction Manager / General Contractor (CMGC) procurement process
- Beginning Independent Cost Estimator (ICE) procurement process
- Planning for Huffman Stakeholder Working Group meeting (to be held on May 15, 2025)
- Continuing with development of mitigation measures
- Continuing with development of a funding plan for the project
- Continuing planning activities for the upcoming Fall 2025 geotechnical field investigations within Caltrans State right-of-way

Decisions

- Finalize selection of Construction Manager / General Contractor
